Application No. 10/668,214

- 4. As is customary in research, G.C Gorgas, T.C. Jensen, K.H. Hastie, and D.A. Brott were named as co-authors on this meeting abstract but did not contribute to the conception of the invention disclosed and claimed in the application.
- 5. G.C Gorgas, T.C. Jonsen, K.H. Hastie, and D.A. Brott were working under our direction and supervision.
- 6. The undersigned declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this application or any patent issuing thereon.

Alan K. Smith
